

ARMCO SAFETY BARRIER SYSTEM – Industrial Buildings

Armco Safety Post Cap - Yellow

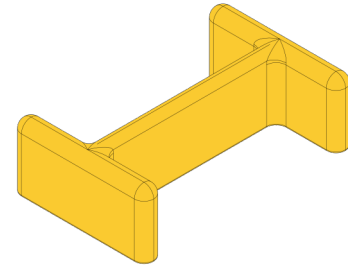

SPECIFICATION CATEGORY – Q41 (Barriers & Guardrails) Q50 (Street Furniture)

DESCRIPTION

Armco Safety Barrier posts often present sharp edges, we therefore recommend capping the posts with safety polymer caps. Available in Yellow or Black. Not only will you dress all edges to eliminate potential pedestrian hands, limbs and clothing 'snag' resulting in potential injury, but also provide a contrast colour to highlight the barrier run. A touch of colour goes a long way to being highly visible to vehicle drivers and operators using defined traffic routes. Simple push fit and low-cost accessory for impressing your site safety team, staff and operatives.

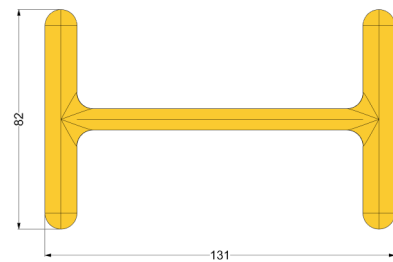

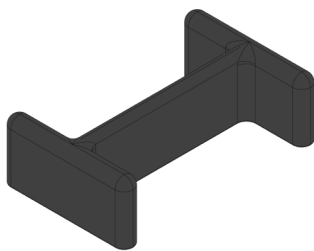

PART No.s	
APC-Y	Armco Safety Post Cap - Yellow
APC-B	Armco Safety Post Cap - Black

SPECIFICATION	
Material	Poly Vinyl Chloride (V)
