

# Bollard Cover Kits

Bollards with "WOW" colour, quality & safety for your industrial facility

## Features & Benefits

- Slide over steel core design, sections snap fit together in minutes
- Fixing kit option provides tamper proof security
- 50mm Diamond grade reflective band option for nighttime visibility
- A low-cost method of refreshing old painted bollards (re-painting will be banished forever)
- Colour choice;
  - Black & yellow - for HAZARD recognition
  - Red & white - for WARNING recognition
  - Green & white - for FIRE EXIT recognition
  - Custom colour - for compliment to end user branding
