

Demountable DROP Bollards (Heavy Duty & Super Duty)

A heavy & super duty bollard system that enables you to lift out, remove and or replace bollard cores without the need for excavating.

Features & Benefits

- Cast-in steel floor socket for superior strength
- Demountable Bollard Cores simply lift out and DROP back in
- Avoids all the costly needs for excavating and casting-in Potted Bollards
- Available as Heavy Duty & Super Duty specification
- Choice of Bollard Cover Kit colour schemes including 50mm reflective band for nighttime visibility
