

Kumfi Tile Pvc

Short Description

The Kumfi Tile PVC is a very versatile interlocking matting system, with a wide variety of applications. The free flowing 4 way drainage design, and high grip pattern, mean the system is effective in wet, oily and greasy environments. The soft PVC construction provides barefoot comfort when used in a Leisure application, at the same time as providing effective anti fatigue properties for industrial use.

Product Images

Description

- Simple and effective interlocking system ensures a firm, quick joint which can be easily, but not accidentally released.
- Bevelled edge component moulded with corner section which can be simply removed with a sharp knife when not required.
- Can be laid to fit awkward shapes in any colour combination
- High grip surface suitable for indoor and outdoor dry or wet areas.
- Soft PVC construction provides anti- fatigue comfort but withstands most commercial and industrial applications including hospitals, hotels, exhibitions and light workshop use
- Free-draining and resistant to a wide range of oils, grease and chemicals
- Easy to clean - simply unclips into small sections
- Overall height 12m
